Board of Directors
University Muslim Medical Association, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the University Muslim Medical Association, Inc. (UMMA), which comprise the statements of financial position as of December 31, 2015 and 2014 and the related statements of activities, and cash flows for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of UMMA as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of functional expenses are presented for the purpose of additional analyses and are not required parts of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 27, 2016 on our consideration of UMMA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UMMA's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Vaqueria & Company LLP". The signature is written in a cursive, flowing style.

NOTE 1 DESCRIPTION OF ORGANIZATION

University Muslim Medical Association, Inc. (UMMA) operates a not-for-profit healthcare center in Los Angeles, California. UMMA provides a broad range of health services to an impoverished and medically underserved community, regardless of ability to pay.

The U.S. Department of Health and Human Services (DHHS) provides substantial support to UMMA. UMMA is obligated under the terms of the DHHS grants to comply with specified conditions and program requirements set forth by the grantor.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

UMMA classifies its net assets into three categories: unrestricted, temporarily restricted and permanently restricted.

Unrestricted - net assets are reflective of revenues and expenses associated with the principal operating activities of UMMA and are not subject to donor-imposed stipulations.

Temporarily restricted - net assets are subject to donor-imposed stipulations that or will be met by actions of UMMA and/or the passage of time. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statements of activities and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contribution in the financial statements.

Permanently restricted - net assets are subject to donor-imposed stipulations that must be maintained permanently by UMMA. There were no permanently restricted net assets at December 31, 2015 and 2014.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The use of estimates and assumptions in the preparation of the financial statements is related primarily to the determination for allowance for doubtful accounts in the calculation of net patient services receivable, estimated third-party payor settlement receivable, and useful lives of property and equipment.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the current year's presentation. The reclassifications have no material effect on the end result.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

UMMA considers all unrestricted highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

Patient Fees Receivable

UMMA's primary source of cash for operations comes from the collection of receivables from third party payors. These include Medi-Cal fee-for-service from the State of California Department of Health Care Services (DHCS), Healthy Way L.A and My Health LA from Los Angeles County Department of Health Services (LACDHS), Managed Care and Medicare contracts. The collections are critical to UMMA's operating performance. Such receivables are carried at a net amount determined by the original charge for a service provided, less estimates made for contractual adjustments, discounts provided to third party payors, and allowances for doubtful accounts.

Receivables due directly from patients are carried at the original charge for the service provided, less discounts made under UMMA's charity policy, and application of sliding-fee discounts. Management determines the allowance for doubtful receivables by identifying troubled accounts and providing a valuation allowance on the aging of receivables based on historical experience. UMMA considers accounts as past due when they are outstanding beyond 90 days with no payment. UMMA does not charge interest on past due accounts. Past due accounts are written off from the receivables when deemed uncollectable. Recoveries of amounts previously written off are recorded as a reduction of doubtful accounts expense when received. As of December 31, 2015 and 2014, the allowance for doubtful accounts amount to \$28,862 and \$132,565, respectively. The decrease in the allowance for doubtful accounts is primarily due to the decrease in Fee-for-Service reimbursements and increase in capitation Per-Member-Per-Month payments.

Services may be performed for patients from whom the ultimate collection of all or a portion of the amounts billed or billable cannot be determined at the time services are rendered. As a result, those healthcare entities might record revenue along with a relatively high bad debt provision in the period of service.

Grants, Contributions and Pledges Receivable

Grants, contributions and pledges receivable reflect amounts earned but not yet collected for which UMMA expects to realize payment.

Property and Equipment

Property and equipment are recorded at cost or, if donated, at the fair value at the date of donation. Depreciation and amortization are recorded on a straight-line basis over the estimated useful lives of the assets ranging from three to 39 years. Leasehold improvements are amortized on a straight-line basis over the estimated useful life of the improvement or the term of the lease, whichever is shorter. UMMA capitalizes all purchases of property and equipment in excess of \$2,000.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment (Continued)

According to federal regulations, any equipment items obtained through federal funds are subject to a lien by the federal government. As long as UMMA maintains its tax-exempt status, or so long as the equipment is used for its intended purpose, UMMA is not required to reimburse the federal government. If the stated requirements are not met, UMMA would be obligated to the federal government to return the equipment or reimburse an amount equal to the fair value of the equipment.

In the event the DHHS grants are terminated, the DHHS reserves the right to transfer all property and equipment purchased with grant funds to Public Health Services or third parties.

Impairment of Long-lived Assets

UMMA reviews carrying values of its property and equipment for possible impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the asset to future net cash flows, undiscounted and without interest, expected to be generated by the asset. If such asset is considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the asset exceeds the fair value of the asset. UMMA believes that no events occurred that would impair the carrying value of its long-lived assets during the years ended December 31, 2015 and 2014.

Patient Services Revenue

UMMA has agreements with various third party payors to provide services to patients. Payments vary between the third party payors and differ from UMMA's established rates. Payment arrangements include pre-determined fee schedules and discounted charges. Service fees are reported as the estimated net realizable amount from patients and third party payors. There will be retroactive adjustments under reimbursement agreements with third party payors. These adjustments are accrued on an estimated basis. They are adjusted in future periods in accordance with determined final settlements, which reflect the uncertainty in government policies and regulations. UMMA's largest payors include the DHCS Medi-Cal and Los Angeles County Healthy Way LA and My Health LA programs. The laws and regulations governing these programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to review and interpretation in the future as well as significant regulatory action.

Self-pay revenue is recorded at published charges net of charitable allowances calculated on a sliding fee scale based on patient income and family size to arrive at self-pay net revenue.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimated Third-party Payor Settlements

UMMA is recognized as a Federally Qualified Health Center (FQHC), therefore is required to file annually an FQHC Medi-cal reconciliation report with the State of California Department of Health Care Services. This arrangement provides for interim reimbursement that is subject to retroactive adjustments and settlements. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period in which services are rendered, and adjusted in future periods as final settlements are determined.

Grants and Contracts Revenue

Revenue from cost reimbursable grants and contracts is recorded to the extent of expenses incurred applicable to the grants or contracts. Any difference between expenses incurred and the total funds received (not to exceed the grant or contract maximum) is recorded as a receivable or unearned revenue whichever is applicable. Revenue from other grants is recognized on an accrual basis as earned according to the provisions of the grant.

Contributions

Contributions, some of which are multi-year, are recorded at fair value when received or pledged. Amounts are recorded as temporarily or permanently restricted revenue if they have donor stipulations that limit the use of the donated asset. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted assets are reclassified to unrestricted net assets and reported in the statements of operations and changes in net assets as net assets released from restrictions.

Donor-restricted contributions whose restrictions are met during the same fiscal year are recognized as unrestricted revenue. Contributions awarded for the acquisition of long-lived assets are reported as non-operating revenue. Conditional contributions received are recorded as refundable advances and will be recognized as the conditions are met.

In-kind Contributions

Contributions of donated pharmaceuticals, equipment and services are reported as revenue at fair value. Services are recognized only if service creates or enhances nonfinancial assets, or if they require special skills and are provided by individuals possessing such special skills and would typically need to be purchased by UMMA if they had not been donated.

Functional Allocation of Expenses

Costs for providing UMMA's programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and the supporting services benefited by a method that best measures the relative degree of benefit.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

UMMA is a nonprofit corporation exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701(d). Accordingly, no provision has been made for income taxes. However, UMMA is subject to income taxes on any net income that is derived from a trade or business not in furtherance of the purposes for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business in the opinion of management, is not material to the financial statements taken as a whole.

UMMA has evaluated its tax positions and the certainty as to whether those positions will be sustained in the event of any audit by taxing authorities at the federal and state levels. The primary tax positions evaluated relate to UMMA's continued qualification as a tax-exempt organization and whether there are unrelated business income activities that would be taxable. Management has determined that all income tax positions will more likely than not be sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required.

UMMA's income tax returns remain subject to examination for all tax years ended on or after December 31, 2011 with regard to all tax positions and results reported.

NOTE 3 PATIENT FEES RECEIVABLE AND REVENUES

At December 31, patient fees receivable consist of the following:

	2015	2014
County of Los Angeles Health Programs	\$ 50,656	\$ 106,841
Medicare	21,279	64,704
Managed Care	55,944	58,737
Family Pact	14,492	37,803
Medi-Cal	70,076	182,751
Others	12,518	31,063
	224,965	481,899
Less allowance for doubtful accounts	28,862	132,565
	\$ 196,103	\$ 349,334

UMMA has agreements with third-party payors that provide for reimbursement to UMMA at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between UMMA's billings at list price and the amounts reimbursed by Medicare, Medi-Cal and certain other third-party payors, and any differences between estimated third-party reimbursement settlements for prior years and subsequent final settlements. A summary of the basis of reimbursement with major third-party payors follows:

NOTE 3 PATIENT FEES RECEIVABLE AND REVENUES (CONTINUED)

Other Third-party and Managed Care

UMMA has reimbursement agreements with certain non-medical, Insurance carriers and Managed Care HMO. The basis for payment under these agreements includes discounts from established charges and prospectively determined fee-for-service rates. For the years ended December 31, 2015 and 2014, the combined LA County, Heath Way LA and My Health LA contracts represented approximately 17% and 8%, respectively, and managed care represents 64% and 53%, respectively, of net patient services revenue.

Medi-Cal

UMMA is paid for patient services rendered to Medi-Cal program beneficiaries primarily under contractual arrangements with third party Managed Care organizations. Additional wrap for the gap between the capitation fee paid by Managed Care and UMMA's Prospective Payment System (PPS) rate is paid by the State of California Department of Health Care Services as fee-for-service on a per visit basis.

For the years ended December 31, 2015 and 2014, UMMA recognized approximately 14% and 37%, respectively, of net patient services revenue from services provided to Medi-Cal managed care patients.

Medicare and Medi-Cal laws and regulations are complex and subject to interpretation. As a result, there is at least reasonable possibility that recorded estimates will change by material amounts in the future. UMMA believes that is in compliance with all applicable laws and regulations and is not aware of any pending or threatening investigations involving wrongdoing. While no such regulatory inquiries have been made, compliance can be subject to future government review and regulatory action, including fines, penalties, and exclusions from the State and County programs.

NOTE 4 THIRD-PARTY SETTLEMENTS

Third-party settlements receivable and payable balances represent the amounts due from / due to the County of Los Angeles based on the annual Medi-Cal FQHC reconciliation reports submitted to the California Department of Health Care Services. As of December 31, 2015 and 2014, receivable balances amounted to \$419,038 and \$451,880, respectively, while the payable balance amounted to \$159,405 and \$76,985, respectively.

NOTE 5 GRANTS AND CONTRACTS RECEIVABLE

Grants and contracts receivable consist of the following at December 31:

	2015	2014
Annenberg Foundation	\$ -	\$ 50,000
California Community Foundation	10,000	-
County of Los Angeles Department of of Mental Health	91,580	106,070
Community Health Council, Inc County of Los Angeles, Sup. Mark-Riley Thomas	26,438	144,765
Department of Health and Human Services	-	17,000
Kaiser Foundation Hospital, West Los Angeles	5,415	83,845
LA Care Health Plan	10,000	-
Los Angeles County Department of Health Services	-	10,000
Los Angeles Educational Partnership	6,208	5,448
Public Health Institute	20,512	-
State of California Department of Health Care Services	3,500	-
The California Endowment	-	6,902
Ralph M. Parsons Foundation	87,500	-
	-	50,000
	\$ 261,153	\$ 474,030

NOTE 6 PLEDGES RECEIVABLE

Pledges are generally recognized as revenue when unconditional pledges are made at the present value of expected future payments. Pledges receivable of \$1,414 as of December 31, 2014 was collected in 2015.

NOTE 7 PROPERTY AND EQUIPMENT

Property and equipment at December 31 is composed of:

	2015	2014
Land	\$ 656,000	\$ 656,000
Buildings and improvements	971,707	971,707
Furniture and equipment	669,924	669,924
Leasehold improvements	28,078	28,078
	2,325,709	2,325,709
Less accumulated depreciation and amortization	704,451	617,738
	\$ 1,621,258	\$ 1,707,971

NOTE 8 REFUNDABLE ADVANCE

Refundable advance consists of the following at December 31:

	2015	2014
Credit obligation service (Note 9)	\$ 339,385	\$ 437,175
Amortization (Note 9)	(63,816)	(97,790)
	\$ 275,569	\$ 339,385

NOTE 9 IN-KIND CONTRIBUTIONS

In-kind contributions consist of the following for the years ended December 31:

	2015	2014
Pharmaceuticals	\$ 72,912	\$ 150,023
Donated property	63,816	97,790
Donated services	8,138	5,980
	\$ 144,866	\$ 253,793

On March 23, 2009, UMMA entered into an agreement with the Community Redevelopment Corporation of Los Angeles (CRCLA) to receive property from CRCLA as a conditional contribution. UMMA is required per the agreement to provide medical services equivalent to \$800,000, credit obligation service, which shall be reduced by providing eligible services over a 10-year period, from inception, August 2009, through August 2019, as set forth in the service agreement. In addition, per the service agreement, UMMA is required to provide a minimum number of eligible visits per year. As of December 31, 2015 and 2014, the gross credit obligation service amounted to \$339,385 and \$437,175, respectively; and the amortized portion, which represents the donated property/land, amounted to \$63,816 and \$97,790, respectively. (See Note 8)

NOTE 10 UNEARNED REVENUE

UMMA received cash advances from the Department of Mental Health (DMH) to fund its cash flow requirements. The contract with DMH requires that UMMA shall repay the cash advances through direct payment of cash and/or by rendering the appropriate grant services. As of December of 31, 2015 and 2014, outstanding cash advances amounted \$0 and \$123,713, respectively, and are reported as unearned revenue in the statement of financial position.

University Muslim Medical Association, Inc.
Notes to Financial Statements
Years ended December 31, 2015 and 2014

NOTE 11 LINE OF CREDIT

In August 2014, UMMA entered into a line of credit agreement with a local bank which provides for borrowings up to \$250,000, at annual interest rate equal to the Wall Street Journal Prime Rate plus 3%. The line of credit agreement did not specify any expiration date. There were no drawings from the line of credit in calendar years 2014 and 2015.

NOTE 12 TEMPORARILY RESRICTED NET ASSETS

Temporarily restricted net assets consist of the following at December 31:

	Balance	Net Asset		Balance
	2014	Additions	Releases	2015
Blue Shield of California	\$ 19,862	\$ 100,193	\$ 120,055	\$ -
California Endowment Foundation	69,946	175,000	113,858	131,088
California Community Foundation	11,272	-	11,272	-
Community Health Council	92,035	-	92,035	-
Crail-Johnson Foundation	22,917	-	22,917	-
Kaiser Foundation Hospital, West LA	-	20,000	5,096	14,904
LA Care Health Plan	10,000	-	10,000	-

NOTE 13 GRANTS AND CONTRIBUTIONS (CONTINUED)

For the years ended December 31, 2015 and 2014, UMMA recognized revenue under the following contracts and grants:

	<u>2015</u>	<u>2014</u>
Contributions gifts and other grants	\$ 352,175	\$ 492,381
Albert and Elaine Borchard Foundation	-	10,000
Blue Shield of California Foundation	110,193	15,000
California Community Foundation	10,000	25,000
Chicago Community Foundation	9,000	-
Community Health Council	-	100,000
Community Hospital Foundation	10,000	-
Crail Johnson Foundation	-	25,000
Del E. Webb Foundation	-	25,000
Kaiser Permanente	20,000	10,000
Islamic Relief USA	50,000	-
LA Care Health Plan	-	10,000
LA County DHSS	54,801	-
Los Angeles Education Partnership	54,269	-
The Annenberg Foundation	-	50,000
The California Endowment	175,000	-
The Chicago Community Foundation	-	10,000
The Green Foundation	-	25,000
Los Angeles Trust for Children's Health	21,500	-
The Ralph Parsons Foundation	-	100,000
The Roth Family Foundation	-	15,000
The UNiHealth Foundation	-	50,000
Wells Fargo Foundation	5,000	-
Zakat	72,804	75,196
	<u>\$ 944,742</u>	<u>\$ 1,037,577</u>

NOTE 14 OPERATING LEASES

UMMA has entered into certain operating leases for facility spaces which expire through July 31, 2017. Minimum commitments under the various operating lease agreements having an initial or remaining non-cancelable term of more than one year are as follows:

	<u>Minimum Lease</u> <u>Payments</u>
2016	\$ 106,703
2017	58,100
	<u>\$ 164,803</u>

Total rent expense for the facilities amounted to \$128,149 and \$115,793, respectively, for the years ended December 31, 2015 and 2014.

NOTE 15 CHARITY CARE AND SOCIAL ACCOUNTABILITY

UMMA is a not-for-profit health care provider established to meet the health care needs of area residents. UMMA provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than established rates. Since UMMA does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. UMMA maintains records to identify and monitor the level of charity care it provides. The amount of charity care provided during the years ended December 31, 2015 and 2014 amounted to approximately \$190,000 and \$146,000, respectively.

NOTE 16 CONTINGENCIES

Contracted Services

UMMA contracts with other agencies to perform certain healthcare services and receives Medi-Cal fee-for-service from DHCS, Healthy Way L.A and My Health LA from LACDHS, Managed Care and Medicare contracts. Reimbursements received under these contracts and payments under Medi-Cal and Los Angeles County are subject to audit by state and local governments and agencies. Upon audit, if discrepancies are discovered, UMMA could be held responsible for refunding the amounts in question.

Federal and State Grants

The continuation of funding from federal, state, local and other sources is contingent upon availability of funds and project performance. The funds are awarded annually based either upon receipt and approval of a program application or upon completion of a performance review. In addition, expenditures made under federal and state and local grants are subject to review and audit by the grantor agencies. Management believes that any liability for reimbursement, which may arise as a result of these audits, is not material.

Medi-Cal and Medicare

UMMA participates in the Federally Qualified Health Center (FQHC) Medi-Cal reimbursement program. Under this program, UMMA is required to file a cost report at the end of its fiscal year. The purpose of this report is to determine total cost incurred in providing services to Medi-Cal patients and to reconcile payments received with total cost reported in the cost report. The cost reports are subject to review and audit by the Medicare Fiscal Intermediary and Medi-Cal.

Insurance

Professional and general liability insurance coverage is provided on both a claims-made basis and an occurrence basis. The claims-made policy, which is subject to renewal on an annual basis, covers only claims made during the term of the policy but not those occurrences for which claims may be made after expiration of the policy. UMMA intends to renew its coverage on a claims-made basis and has no reason to believe that it may be prevented from renewing such coverage. Additionally, UMMA is not aware of any pending claims that exceed the limitations provided by this coverage.

NOTE 17 CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject UMMA to concentrations of credit risk consist principally of cash and cash equivalents, revenues and accounts receivable.

Cash and Cash Equivalents

UMMA maintains its cash and cash equivalents balances in financial institutions. These balances, at times, may exceed federally insured limits. UMMA had approximately \$1,020,000 and \$142,000 in cash that exceeded the federally insured limits as at December 31, 2015 and 2014, respectively, and therefore is exposed to significant concentration of credit risk.

Revenues and Accounts Receivable

A substantial portion of UMMA's revenues is derived from patient service revenue under the Medi-Cal fee-for-service from DHCS, Health Way LA and My Health LA from LACDHS, Managed Care and Medicare contracts and from programs with U.S Department of Health and Human Services. For the years ended December 31, 2015 and 2014, revenues from these programs accounted for approximately the following percentages of UMMA's total revenue:

	2015	2014
Medi-Cal	6%	17%
Medicare	2%	1%
Managed Care	29%	24%
Los Angeles County	8%	11%
U.S. Department of Health and Human Services	27%	22%
Other third-party payor	1%	1%

At December 31, 2015 and 2014, receivables from these programs accounted for approximately the following percentages of UMMA's total net receivable:

	2015	2014
Medi-Cal	8%	14%
Medicare	2%	5%
Managed Care	6%	8%
Los Angeles County	6%	5%
Family Pact	2%	3%
Others	1%	2%

NOTE 18 SUBSEQUENT EVENTS

UMMA has evaluated events subsequent to December 31, 2015 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through July 27, 2016, the date these financial statements were available to be issued. Based on this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

**Report of Independent Auditors on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

**Board of Directors
University Muslim Medical Association, Inc.**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the University Muslim Medical Association, Inc. (UMMA), a California not-for-profit corporation, which comprise the statement of financial position as of December 31, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 27, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered UMMA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of UMMA's internal control. Accordingly, we do not express an opinion on the effectiveness of UMMA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether UMMA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of UMMA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Statements Performed in Accordance with *Government Auditing Standards***

**Board of Directors
University Muslim Medical Association, Inc.**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of University Muslim Medical Association, Inc.(UMMA), which comprise the statement of financial position as of December 31, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 27, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered UMMA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of UMMA's internal control. Accordingly, we do not express an opinion on the effectiveness of UMMA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether UMMA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the UMMA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Los Angeles, California
July 27, 2016

**Report of Independent Auditors on Compliance for Each Major Federal Program,
on Internal Control over Compliance, and on the Schedule of Expenditures
of Federal Awards Required by the Uniform Guidance**

**Board of Directors
University Muslim Medical Association, Inc.**

Report on Compliance for Each Major Federal Program

We have audited University Muslim Medical Association's (UMMA) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of UMMA's major federal programs for the year ended December 31, 2015. UMMA's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of UMMA's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about UMMA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of UMMA's compliance.

Opinion on Each Major Federal Program

In our opinion, UMMA complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2015.

Report on Internal Control over Compliance

Management of UMMA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered UMMA's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of UMMA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of University Muslim Medical Association as of and for the year ended December, 31 2015, and have issued our report thereon dated July 27, 2016, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
